## STEVE TURNER'S LOS ANGELES MAP & GUIDE TO ARTIST RECOMMENDED BARS & EATERIES

Steve Turner's Los Angeles Artists Map features 24 studios of emerging artists who work in a diversity of media and styles. The map grew out of Turner's discipline of visiting an artist nearly every day, something he has been doing since 2009. When people discuss the local art scene, they usually describe the galleries on Wilshire Boulevard or those in Culver City and Santa Monica; they seldom mention the actual sites of production, whether Boyle Heights or Highland Park. Steve Turner's Artists Map provides a new opportunity to expand one's experience of the Los Angeles art community and to understand more fully how and where artists create their work.

Steve Turner Contemporary represents the work of emerging and established contemporary artists.
